

Dear Ms. Loshak,
Dear Colleagues,

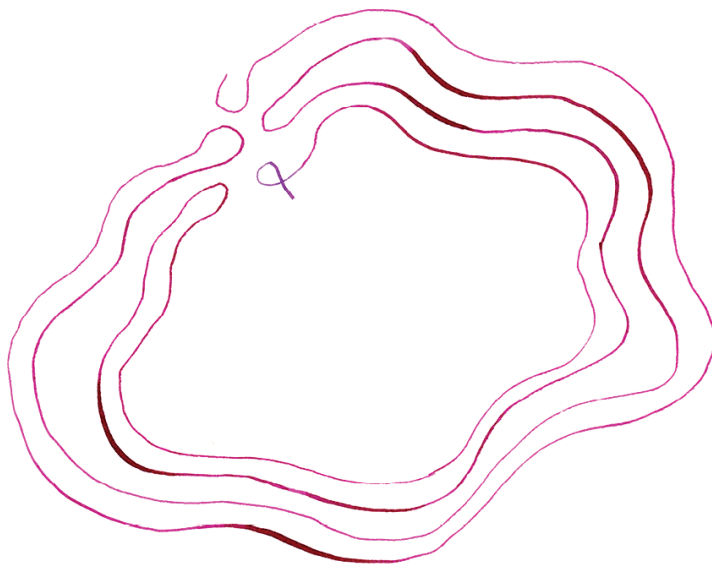

Please accept our belated heartfelt sympathies on the loss of Irina Antonova, an iconic leader of the Museum and a powerful woman who devoted her entire life to Art. We would like to express our sincere condolences to her friends and colleagues at the Museum. Her passing in the end of this disturbing and tragic year, when museums have to close its doors again and again, is a sad symbol of an end of an era. Yet we would like to nourish hope that it will be also Art that could heal us in the years to come!

Let me wish you a serene end of this year, good health and a bit of optimism to face new year!

Kindest regards,
Paul Dujardin & BOZAR team
